Project Assigned : Nimble This

- Nimble This Inc. is the leading developer of commercially available proactive network maintenance PNM solutions for cable operator's worldwide. We are a friendly, honest company that embrace good values and hard work. We work with the best in the industry and are active with CableLabs. We have a proven track record with the longest running commercially available PNM platform. We have come out with yearly version upgrades, starting at 1x, 2x, 3x, and in 2017 4x. These updates always include huge feature improvements and advances.
